

## Achieving or Aligning to Standards?

Acuity Group, a specialist consultancy focussed on providing you with a practical step by step Methodology which is aligned with the relevant British and International standards.

- **BS 25999** Business Continuity – Recovering your functionality
- **ISO 27001** Information Security – Protecting your assets
- **ISO 14001** Environment – Reducing pollutants
- **ISO 9001** Quality – Improving customer satisfaction
- **OHSAS 18001** Occupational Health & Safety – Removing hazards

Buying the Acuity Methodology means the Business Manager can develop and implement a robust and compliant management system in under two months with the confidence that the process is fully aligned with the British or ISO standard.

### The benefits of using Acuity:

- **Immediate availability** - download and implement at your own pace.
- **Low cost** - the Acuity 'user friendly' format is compatible with Microsoft, so existing documentation can be incorporated to avoid duplication of effort.
- **Standard format** – throughout all the Methodologies which means greater efficiency when implementing multiple standards and in multiple locations.
- **Knowledge transfer** - the full Acuity methodology is passed to the client, giving complete independence and growth of internal capability.
- **Reassurance** – on completion of the relevant client information, the Acuity methodology is guaranteed to meet the requirements of each standard.
- **Expertise** – Acuity consultancy available to support internal resource as required.

### Additional Services:

- **Rapid Notification system** - using SMS, Voice, Email, Fax, Hotline and automated conferencing facility.
- **Data protection and tracking** – targeted at organisations that need to protect, verify and track confidential and personal data at enterprise level.
- **Offsite Data backup and DR facilities for personnel.**
